OC-2072-84
19 December 1984

MEMORANDUM FOR: Director of Communications

25X1 FROM:

[redacted]
Chief, Management and Liaison Staff, OC

SUBJECT: Weekly Staff Notes, 10-14 December 1984

1. The FY-84 OC Statistics were prepared for distribution.

2. To date, approximately \$6 million has been received from non-OC elements to provide communications support to Intelligence Community requirements, [redacted]

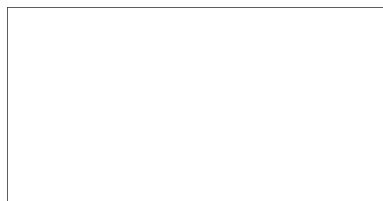

3. RAG received an advance copy of the DO's 1987-1991 New Communications Services requirements which are to be costed by OC. Also included in the document are numerous 1985-1986 requirements. We will be working very closely with each OC Division over the next two months. We expect to have the remaining Directorate's input by the end of the month.

4. Each Directorate was contacted regarding the recent memo from the EXDIR asking for all 1987 New Initiatives to be submitted to the Comptroller by the end of January. If OC is to be responsive to the Directorates for costing New Communications Services which will be submitted as 1987 New Initiatives, we must receive them as soon as possible.

5. C/MLS and C/RAG met with OC-FND officers to discuss the future of UHF satellite communications.

6. A&E Contract - An A&E Contract has been awarded to the firm of [redacted] for use by OC-FND/FEB. This contract, which was instituted at the request of FEB through MLS/LOG, should be of significant assistance in having [redacted] A&E drawings done by a company already cleared [redacted]. The contract was accomplished through the auspices of OL/RECD.
